Additional notes

- All costs must be paid before the final document can be sent to you.
- The cost of one preliminary design depends on the number of elements included and the complexity of the design. The cost increases if you wish to make changes that require revising the preliminary design or starting the design process over.
- The cost of the final document depends on the document format chosen (Option 1 or 2), the number of elements included, the complexity of the design and the inclusion of any additional decoration.
- Variable costs for research and/or specialized translation (to cover, for instance, the translation of a motto into Latin or another foreign language) can be charged. If this applies to you, you will receive an estimate and will need to pay a supplementary fee to the researcher.
- Payments forwarded to us before the invoice is sent will be returned to you.
